## GCSE Separate science \%. 1

## What do I need to know before the

 course?Students will be following the Edexcel GCSE Separate Science 9-1 course. This course will enable students to:

Develop scientific knowledge and understanding through the different disciplines of Biology, Chemistry and Physics

- Develop and learn to apply observational, practical, modelling enquiry and problemesolving skils in the lab
- Develop their ability to evaluate claims based on science through critical analysis of the methodology, evidence and conclusions
- Develop understanding of the nature, processes and methods of Science, through difierent types of scientic enoumies thot help them to onswe scien witio questions opout the woild around them

## What courses does GCSE Separate Science lead to?

## At SWB Weoter A Level Biology and A Level Chemistry.

At Key Stage 5, the curriculum builds on knowledge and understanding gained at GCSE, using it as a stepping stone to uncover the inner workings of the natural world.

4
Whal careers can GCSE Separate Science lead to?

- Teaching
- Biomedical Sciences
- Health and Social Care
- Food
- Engineering
- Environmental and Health Sciences
- Research Science
- Medical Profession
- . Pharmaceutical Industry
- Veterinary Science

## GCSE Separate SGience 8.1

## Examination Outline

Students will complete all exams at the end of Year 11 and result in 3 GCSE grades. Students will take 6 exams:

- Biology Paper 1
- Biology Paper 2
- Chemistry Paper 1
- Chemistry Paper 2
- Physics Paper 1
- Physics Paper 2

Each exam will be worth $50 \%$ of the CCSE grade, out of 100 marks and will last 1 hour and 45 minutes.

The exams will be a mixture of different question styles, including:

- Multiple-choice questions
- Short answer questions

Calculations
Extended opentesponse questions.

## Frequently Asked Questions

What s the difference between Combined science and Separate Science?

Doing separate Sciences means you will study all the topics studied in Combined Science and a few more across Biology, Chemistry and Physics

Can everyone pick Separate Science as an option?

You can choose to put Separate Science down as one of your options- but due to the high academic demand of the separate Science course, students who choose Separate Science as an option will be chosen with a recommendation from their Y9 Science teacher.

Do 1 need a grade 6 in all three sciences at GCSE to do an A Level in Science?

No- you only need a grade 6 or above at GCSE in the Science you want to study for A Level
